

Please read the attached notice from the Nederland Health Department regarding Coronavirus cases in Port Arthur, Texas, as of June 15, 2020.

## NOTICE FROM THE CITY OF PORT ARTHUR HEALTH DEPARTMENT ATTENTION

### PLEASE CONTINUE TO FOLLOW THE CDC GUIDELINES TO HELP PREVENT COMMUNITY SPREAD OF COVID-19

Today, June 15<sup>th</sup>, 2020 the City of Port Arthur and Jefferson County Health Departments received confirmation of two (2) additional Nederland residents who tested positive for Coronavirus Disease (COVID-19). One individual is a female between the age ranges of 50-55 and the other individual is a male between the age ranges of 15-20. For confidentiality purposes, the health departments are not releasing any additional information to identify these individuals. This brings the total to nineteen (19) individuals who have tested positive for COVID-19 in the City Nederland.

**As more businesses are opening, the Health Department is encouraging all citizens to remain vigilant about maintaining social distance. If you are in a place where social distancing cannot be maintained, a face covering should be used. This is still very serious situation, and we are not yet in the position of relaxing our efforts of using those non-pharmaceutical interventions.**

These are steps you can take to keep you and your loved ones protected:

- **Wear a face mask that covers nose and mouth when entering an area where it is difficult to follow social distancing guidelines.**
- Wash your hands often with soap and water for at least 20 seconds.
- If soap and water are not available, use an alcohol-based hand sanitizer with at least 60 percent alcohol.
- Avoid touching your eyes, nose or mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Stay home if you are sick.
- Cover coughs and sneezes with a tissue and then throw the tissue in the trash. If tissues are not available, cough and sneeze into your elbow. Do not cough and sneeze into your hands.
- Frequently clean and disinfect objects and surfaces using a regular household cleaning spray or wipe.
- Get a flu shot. The flu vaccine does not offer protection against COVID-19, but it is also flu season.

- **Call the City of Port Arthur Health Department at (409) 983-8880 or your healthcare provider if you are experiencing fever, cough or shortness of breath for further guidance, and for location of testing sites.**
